(Title III case numbers are listed as Bankruptcy Case numbers due to software limitations.)

O'Melveny & Myers LLP ("OMM"), as counsel to the Puerto Rico Electric Power Authority ("PREPA"), makes its fourth interim application (this "Application") for allowance of compensation, under sections 316 and 317 of PROMESA, of \$3,574,768.47 and reimbursement of expenses of \$126,501.00 for the period from June 1, 2019 through September 30, 2019 (the "Compensation Period") in accordance with (i) the *First Amended Order Setting Procedures for Interim Compensation and Reimbursement of Expenses of Professionals*, dated November 8, 2017 [ECF No. 1150], as amended [ECF Nos. 1715, 3269] (the "Interim Compensation Order"), and (ii) the *Memorandum Regarding Fee Review – Timeline and Process*, dated November 10, 2017 (the "Fee Examiner Guidelines"). In support of this Application, OMM respectfully states as follows:

BACKGROUND

1. On May 3, 2017, the Commonwealth of Puerto Rico (the "Commonwealth"), by and through the Financial Oversight and Management Board for Puerto Rico (the "Oversight Board"), as the Commonwealth's representative pursuant to section 315(b) of PROMESA, filed a petition with the Court under title III of PROMESA.

2. On May 5, 2017, the Puerto Rico Sales Tax Financing Corporation ("COFINA"), by and through the Oversight Board, as COFINA's representative pursuant to PROMESA section 315(b), filed a petition with the Court under title III of PROMESA.

3. On May 21, 2017, the Puerto Rico Highways and Transportation Authority ("HTA"), by and through the Oversight Board, as HTA's representative pursuant to PROMESA section 315(b), filed a petition with the Court under title III of PROMESA.

4. On May 21, 2017, the Employees Retirement System for the Commonwealth of Puerto Rico ("ERS"), by and through the Oversight Board, as ERS's representative pursuant to PROMESA section 315(b), filed a petition with the Court under title III of PROMESA.

5. On July 3, 2017, PREPA, by and through the Oversight Board, as PREPA's representative pursuant to PROMESA section 315(b), filed a petition with the Court under title III of PROMESA.

6. Through Orders of this Court, the Commonwealth, COFINA, HTA, ERS, and PREPA Title III Cases (together, the "Title III Cases") are jointly administered for procedural purposes only, pursuant to PROMESA section 304(g) and Bankruptcy Rule 1015 [ECF Nos. 242, 537, 1417]. On February 5, 2019, COFINA's Title III Plan was confirmed by the Title III Court [Dkt No. 17-03284, ECF No. 561]. COFINA's Title III Plan went effective on February 12, 2019 [Dkt No. 17-03284, ECF No. 587].

7. On October 6, 2017, the Court entered the *Order Pursuant to PROMESA Sections 316 and 317 and Bankruptcy Code Section 105(a) Appointing a Fee Examiner and Related Relief* [ECF No. 1416], which appointed Brady Williamson of Godfrey & Kahn, S.C. to serve as Fee Examiner in the Title III Cases. To date, OMM has worked cooperatively with the Fee Examiner to ensure that AAFAF is provided with cost-effective and efficient services.

8. On November 16, 2018, OMM filed the *First Interim Application of O'Melveny & Myers LLP for Allowance of Compensation for Services Rendered and for Reimbursement of Expenses as Counsel to the Puerto Rico Electric Power Authority for the Period From August 10, 2018 through September 30, 2018* [ECF Nos. 4327] ("OMM PREPA First Interim Fee Application") seeking compensation in the amount of \$407,832.68, and reimbursement of expenses in the amount of \$4,650.14.

9. On March 26, 2019, OMM filed the *Second Interim Application of O'Melveny & Myers LLP for Allowance of Compensation for Services Rendered and for Reimbursement of Expenses as Counsel to the Puerto Rico Electric Power Authority for the Period From October 1,*

2018 through January 31, 2019 [ECF Nos. 6042] (“OMM PREPA Second Interim Fee Application”) seeking compensation in the amount of \$4,076,587.31, and reimbursement of expenses in the amount of \$57,507.47.

10. On July 22, 2019, OMM filed the *Third Interim Application of O’Melveny & Myers LLP for Allowance of Compensation for Services Rendered and for Reimbursement of Expenses as Counsel to the Puerto Rico Electric Power Authority for the Period From February 1, 2019 through May 31, 2019* [ECF Nos. 1489] (“OMM PREPA Third Interim Fee Application”) seeking compensation in the amount of \$4,809,921.59, and reimbursement of expenses in the amount of \$129,968.65.

COMPENSATION REQUESTED BY OMM

11. PREPA has retained OMM pursuant to an engagement letter dated August 10, 2018, (the “Engagement Letter”),² which includes a schedule of rates for OMM attorneys that was negotiated and agreed-upon by both OMM and PREPA. This schedule was updated for January 2019 to reflect certain “step increases” for associates and counsel. Subsequently, the Engagement Letter was amended to increase OMM’s fee cap.

12. OMM’s hourly rates are set at a level designed to compensate OMM fairly for the work of its attorneys and paraprofessionals and are disclosed in detail in the Engagement Letter. In light of the unique facts and circumstances of these Title III cases, OMM agreed in the Engagement Letter to provide a significant discount on all fees incurred under the Engagement Letter, which is also subject to a fee cap that was negotiated under the Engagement Letter. This discount is reflected in all Monthly Fee Statements submitted during the Compensation Period.

13. OMM’s rates are appropriate for complex corporate, securities, litigation, and

² A copy of the Engagement Letter has been provided to the Fee Examiner.

restructuring matters, whether in court or otherwise. The rates and rate structure reflect that such complex matters typically involve great complexity, high stakes, and intense time pressures. OMM submits that the compensation requested is reasonable in light of the nature, extent, and value of such services provided to PREPA.

14. During the Compensation Period, OMM did not receive any payments or promises of payment from any other source for services rendered or to be rendered in any capacity whatsoever in connection with the matters covered by this Application. There is no agreement or understanding between OMM and any other person, other than partners of the firm, for sharing of compensation to be received for services rendered in these cases.

SUMMARY OF SERVICES

15. During the Interim Period, OMM provided important legal services to the PREPA in connection with its Title III Case. Detailed descriptions of the specific services provided and the time expended performing such services are attached as **Exhibit B**, and a summary of the services OMM provided to PREPA during the Compensation Period is set forth below.

16. As discussed in further detail below, OMM worked extensively with PREPA during the Compensation Period in connection with its Title III case and related litigation and adversary proceedings.

PREPA Restructuring Support Agreement and Plan of Adjustment Negotiations

17. On May 3, 2019, PREPA executed Definitive Restructuring Support Agreement (together with its attached annexes, exhibits and schedules, as they may be amended or supplemented from time to time, the “RSA”) among the PREPA, the Puerto Rico Fiscal Agency and Financial Advisory Authority (“AAFAF”), the Financial Oversight and Management Board for Puerto Rico (the “Oversight Board”), the Ad Hoc Group of PREPA Bondholders (the “Ad Hoc Group”), and Assured Guaranty Corp. and Assured Guaranty Municipal Corp (collectively,

“Assured”).

18. The RSA deal is complex. It is the product of months of negotiations that required give and take by all parties. It addresses in a reasonable, consensual manner the recovery of legacy costs associated with the financing of Puerto Rico’s electric infrastructure. In doing so the RSA paves the way for PREPA’s emergence from protection from creditors under Title III of the PROMESA and for Transformation Transactions involving Puerto Rico’s electric system.

19. The RSA provides for contributions from all stakeholders, including PREPA, its creditors and Customers, to the resolution of PREPA’s legacy debt obligations. Creditors that are or become a party to the RSA will be taking meaningful haircuts to their claims based on the prescribed exchange ratio; the RSA does not limit those haircuts to uninsured bondholders but also includes haircuts to Assured’s claims. Through the RSA the Government of Puerto Rico will eliminate the risk of losses in litigation that could result in materially higher recoveries to creditors and correspondingly greater costs to Puerto Rico electricity consumers. The RSA will enable the Government to lock in these cost reductions regardless of the outcome of any litigation, for the benefit of Puerto Rican households, businesses, and industry.

20. The Puerto Rico Government estimates that over the next ten years, implementation of the RSA will reduce debt service by approximately \$3 billion and over 40% relative to the terms of the 2016-2017 preliminary restructuring support agreement that was in place immediately prior to PREPA’s filing for protection under PROMESA Title III. This represents an avoided increase to the average household annual electricity bill of approximately \$100 per year over the next ten years.

21. During the Compensation Period, OMM attorneys spent significant time negotiating with stakeholders, exchanging term sheets and drafting definitive documentation in

connection with a Plan of Adjustment consistent with the RSA. Additionally, OMM attended numerous meetings and conferences in an effort to reach a consensus and value accretive deal for not only PREPA, but all relevant stakeholders and the people of Puerto Rico.

22. On September 4, 2019, the RSA parties finalized an amendment to the RSA to add National and Syncora and to extend the termination date to September 30, 2019. Amending the RSA in this manner took substantial attorney time devoted to negotiating the terms of the adding National and Syncora to the deal and drafting the amendment.

UTIER's Fiscal Plan Challenge

23. During the Compensation Period, OMM has also spent considerable time working with the Oversight Board, PREPA and its advisors in defending the challenges of the Unión de Trabajadores de la Industria Electric y Riego ("UTIER") to the constitutionality of four Commonwealth statutes and the 2017 Commonwealth and PREPA Fiscal Plans and Budgets that allegedly "adopt" and "implement" those statutes, arguing that they violate the terms of a collective bargaining agreement between UTIER and PREPA.

24. During the Compensation Period, OMM attorneys spent considerable time analyzing and responding to UTIER's second amended complaint. OMM attorneys also spent time on weekly calls and meetings with the Oversight Board, the Governor and other various parties in interest, coordinating their responses and discussing strategy.

25. Additionally, during the Compensation Period, OMM worked with PREPA and its advisors in connection with:

- Negotiating, analyzing, and researching several legal issues in connection with an eventual Title III plan of adjustment.
- Analyzing issues related to the RSA and the eventual plan process.
- Analyzing various issues regarding PREPA's transformation and privatization process, and engaging with the FOMB and the Public Private Partnership Authority

and their counsel throughout the process.

- Preparing analyses regarding PREPA's various debt issuances to assist in strategy and negotiations with respect to a plan of adjustment.
- Assisting PREPA in its reporting obligations to the Oversight Board.

26. As a result of all of these various work streams, OMM submits that the fees and expenses for which it seeks approval were reasonable and necessary. All fees were also billed at a negotiated discount to OMM's standard rates and agreed upon by PREPA.

27. Additionally, OMM has established subject matters categories (each, a "Matter Category") for keeping time records of the work performed for the Debtors. The following is a summary, by Matter Category, of the professional services provided by OMM during the Compensation Period.³

a) Case Administration

28. During the Compensation Period, OMM attorneys also worked on matters relating to general case administration and coordination and assisting PREPA in fulfilling its duties as debtor in possession. During the Compensation Period, OMM attorneys coordinated with PREPA regarding its budget, drafted daily summaries of key case developments in PREPA and related adversary proceedings, and analyzed court orders and decisions for impact on PREPA's operations. OMM professionals also drafted weekly tasks reports for PREPA.

b) Business Operations

29. During the Compensation Period, OMM attorneys attended to issues regarding the Title III process, including transmission and distribution ("T&D"), assumption of power purchase

³ Several of the matter categories do not appear in this summary because OMM did not bill a substantial amount of time under those categories during the Compensation Period. **Exhibit B** provides a complete summary of hours billed and total compensation requested by matter category.

and operating agreements and the eventual plan of adjustment. In navigating these issues, OMM worked in collaboration with the Puerto Rico Public-Private Partnerships Authority (“P3”) Authority, PREPA’s advisors, the Oversight Board and its advisors.

c) Litigation

30. During the Compensation Period, OMM attorneys handled numerous litigation work streams in connection with adversary proceedings involving PREPA, including reviewing and drafting responses to complaints filed against PREPA. OMM also conducted extensive discovery regarding various Rule 2004 requests and subpoenas received by PREPA. This task code also includes time spent related to the production of documents and preparing for expert depositions in connection with the Monoline Lift Stay Motion.

31. OMM attorneys devoted substantial time during the Compensation Period to litigating the *Joint Motion Of Puerto Rico Electric Power Authority And AAFAF Pursuant To Bankruptcy Code Sections 362, 502, 922, And 928, And Bankruptcy Rules 3012(A)(1) And 9019 For Order Approving Settlements Embodied In The Restructuring Support Agreement And Tolling Certain Limitations Periods* (Case No. 17-4780, ECF No. 1235). This litigation has consisted of multiple meet and confers, depositions, document review and production, and related items. OMM attorneys also devoted time to negotiating various extensions to the litigation and briefing schedule and defending such extensions in front of this Court.

d) Plan of Adjustment

32. During the Compensation Period, OMM attorneys engaged in analysis and development of PREPA’s Title III plan of adjustment consistent with the RSA. OMM attorneys also conducted extensive research and drafting regarding plan and confirmation issues.
